

Jordan Thomas

Letter of Recommendation 1

To Whom It May Concern,

I am writing to highly recommend Jordan Thomas for admission to your esteemed institution. I have had the pleasure of being Jordan's World Geography teacher during their senior year and have been incredibly impressed with their aptitude for understanding complex social and cultural issues.

Jordan has been a dedicated student in my classroom, consistently contributing to class discussions and demonstrating a depth of understanding that goes beyond rote learning. While their academic record might appear average at first glance, it does not adequately reflect their commitment to applying academic knowledge to real-world issues, particularly those related to community and identity.

Moreover, Jordan brings an artistic flair to everything they do. Even in assignments and projects that do not explicitly require creative skills, Jordan finds a way to infuse creativity into their work. This adds a layer of depth and complexity that is uncommon in high school students.

Outside of the classroom, I've come to learn about Jordan's commitment to art and community service, particularly through the school's Art Club and community mural projects. The maturity and responsibility demonstrated in their extracurricular endeavors prove that Jordan possesses qualities that can't be measured by GPA or test scores alone.

For these reasons, I believe Jordan would be a valuable asset to any college community. Their spirit of inquiry, commitment to community, and creative talents set them apart. Please feel free to contact me if you require any further information.

Sincerely,
Jordan Thomas's World Geography Teacher
